

Augustana College Coordinated Degree Program Agreement for Occupational Therapy

Name _____ ID _____

Augustana Coordinated Program Advisor _____ Major _____

Year of anticipated matriculation into WUOT program _____

Augustana is affiliated with Washington University Occupational Therapy program (St. Louis, MO). In this program, the student spends three years at Augustana followed by either two years (Master of Science in Occupational Therapy degree) or three years (Clinical Doctorate in Occupational Therapy) at Washington University. The BA degree from Augustana is granted at the end of completing the first year at Washington University (WU).

I am choosing either the Biology or Psychology major (choose one) _____ Biology _____ Psychology

_____ I understand that the prerequisites for the WUOT program must be completed prior to matriculation. At the writing of this document, those pre-requisites are: completing 90+ credits at Augustana; BIOL362/Human Physiology (prerequisites - CHEM122/General Chemistry, and BIOL210/Cell Biology), PSYC240/statistics (prerequisite - PSYC100/general psychology), PSYC216/Lifespan Development, PSYC421/Abnormal Psychology; CLAS111/Greek and Latin Term for Science or demonstrated competency in medical terminology; competency in word processing; the following GRE scores Quantitative 145+; Verbal 150+, Analytical Writing 4.0+; and 50+ clinical/shadowing hours; and a letter of recommendation from either the Psychology Dept. or Biology Dept. Pre-OT adviser. Prerequisite course grades cannot be below a B-. It is understood that these pre-requisites might change at the discretion of WU, so a periodic review of the WUOT program website is encouraged.

_____ Yes, I plan to attain the Augustana's Bachelor of Arts degree, which means that I must complete the following before matriculating into the WU program: 1) complete all Augustana general education courses, with the exception of the last 30-credits at the 300+ level; 2) complete all psychology major requirements OR complete all the biology major requirements, with the possible exception of BIOL358/Neuroanatomy*. *If the student plans to transfer WU's Neurobiology credits back to Augustana to be applied toward the biology major, then BIOL358 cannot be taken.

_____ I understand that acceptance into the 3:2 (MS) or 3:3 (DrOT) WUOT program is not guaranteed. It is a highly competitive program, and all applicants are considered based on their merits and achievements.

Requirements of the Augustana Bachelor of Arts Degree. Student is responsible for:

- Completing a minimum of nine (9) terms of full-time enrollment at Augustana.
- Completing a minimum of 90 credits at Augustana (transfer and AP work cannot be included.)
- See that all General Education coursework is complete prior to enrollment at the receiving institution.
- Seeing that all transfer coursework from the receiving institution meets all requirements of the Augustana transfer policy (see catalog.)
- Communicating with the Augustana faculty advisor for particular advising needs.
- Applying to graduate within all published deadlines (see Academic Calendar.)
- Arranging to have official transcripts sent directly to the Office of the Registrar before the intended date of graduation.
- Adhere to all other degree requirements set-forth in the Augustana Catalog

I understand the requirements for my coordinated degree program as listed here and noted in the Augustana College Catalog. I understand, should I not meet these requirements, I have broken the contract with the college and Augustana has no obligation to award me my Bachelor of Arts degree. I may withdraw from the program by contacting the Office of the Registrar.
