*Review by national accrediting agency, CAEP, did not occur. Education Department will perform an alternative external review before 2022.

**Department was originally scheduled for program review in 2019-20. Due to challenges posed by the semester transition, the department and Academic Affairs agreed to postpone the review by one year. Note that this department will return to the regular cycle in future reviews, so that its next review will be in 2029-30.

***Originally scheduled for 2020-21. However, since ENGR plans to launch a new Bachelor of Science in Engineering program in 2021-22, it was agreed that it would be preferable to hold a review during year 1 of the new BSE program. This department's next review will be 2030-31.
