

# BATHROOM ETIQUETTE

- Masks should be worn in bathrooms on campus.
- Don't linger since exposure time matters, too!
- Your handwashing routine is critical:
  1. Get a paper towel and tuck under one arm.
  2. Wash hands with soap for 20 seconds, leave water running and dry hands with the paper towel.
  3. Use the same paper towel again to turn off the faucet and open the door if it opens in. Push door with shoulder or elbow if door opens out.
