# Augustana College

## **Pre-Optometry Advising Program**

Courses required for the first year:

CHEM 131, CHEM 132

**Courses recommended for the first year:** 

PSYC 100, MATH 130, MATH 160,

BIOL 130 and BIOL 140 are generally taken during the second year

Contact:

Dr. Dara Wegman-Geedey (darawegman-geedey@augustana.edu)

## **Pre-Optometry Advising Program**

Augustana's optometry program is not a graduation major, so a departmental major must be completed if the student intends to graduate with a Bachelor of Arts degree. The choice of major is not critical for acceptance by a school of optometry, though nationwide approximately 80 percent of all matriculating students major in the biological sciences.

### **Required Supporting Courses**

Course Number	Course Name	Learning Perspective/ Suffix	Prerequisites	Usually offered: F, J, SP, SU*	Credits
PSYC 100	Introduction to Psychology	PS		F, SP, SU	4
BIOL 130	Molecules to Cells			F, SP	4
BIOL 140	Organisms to Ecosystems			F, SP	4
CHEM 131	General Chemistry I	PN		F	4
CHEM 132	General Chemistry II		CHEM 131	F, SP	4
CHEM 331	Organic Chemistry I		CHEM 132	F	4
BIOL 250	Genetics		BIOL 130 & BIOL 140	F, SP	4
PHYS 151	Principles of Physics I	PN		F	4
PHYS 152	Principles of Physics II	PN		SP	4
MATH 160	Calculus I	Q	C- or better in MATH 140 or placement into Calculus	F, SP	4
PSYC 240	Psych Stats	Q	PSYC 100	F, SP, SU	4
BIOL 343	Microbiology		BIOL 250	F, SP	4
BIOL 351	Human Anatomy			F, SP	4
BIOL 362	Human Physiology		BIOL 130 & sophomore status	F, SP	4
One of: MATH 130 PSYC 240 SOAN 227	Stats for Healthcare Professionals Psych Stats Social Stats	QQQ	PSYC 100	F F, SP, SU S	4 4 4

#### **Additional Recommended Courses**

Course Number	Course Name	Learning Perspective/ Suffix	Prerequisites	Usually offered: F, J, SP, SU*	Credits
CHEM 345	Fundamentals of Biochemistry		CHEM 331	SP	4

#### **Pre-Optometry Advising Program Overview**

Admission to any of the 23 optometry schools in the United States requires completion of at least three years of undergraduate coursework. Some schools give preference to applicants with a bachelor's degree.

Acceptance is dependent upon undergraduate performance, Optometry Admission Test (OAT) scores, letters of evaluation, interview results and successful completion of all entrance requirements. While requirements vary among different schools, Augustana's pre-optometry program satisfies the prerequisites of nearly all optometry schools in the country.

Augustana's optometry program is not a graduation major, so a departmental major must be completed if the student intends to graduate with a Bachelor of Arts degree. The choice of major is not critical for acceptance by a school of optometry, though nationwide approximately 80 percent of all matriculating students major in the biological sciences. Recommended supporting courses include advanced communication courses, a biochemistry course, an ethics course, and additional social science coursework.

Augustana College has an articulation agreement with Illinois College of Optometry (ICO). Students may apply to the program during spring of their first year at Augustana and must then maintain a minimum grade-point average over the next two years and score above the average Optometry Admission Test (OAT) score of the prior year's incoming ICO class.

Our agreement with ICO is a 3:4 program, meaning students can enter ICO following their third year at Augustana. After their first year at ICO, they return for graduation ceremonies from Augustana, then finish the remaining three years of optometry school (seven years total for the BA and OD degrees). The 3:4 program is not restricted to Illinois residents.

Students interested in optometry should confer with the advisor early in the first year of study. Please see the page dedicated to <u>Coordinated Degree Programs</u> for more information.

\*Fall, J term, Spring, Summer; see Academic Calendar for specific dates
