

## Advising Resource: MAP funding by Credit Load 2023-24

Qualifying IL MAP Grant recipients must:

- Register for a minimum of **15 credit hours fall semester (fall + J-term)** to qualify for the full fall semester IL MAP Grant. If you take a J-term course, those credits will count towards the 15 credits for fall semester.
- Register for a minimum of 15 credit hours spring semester to qualify for the full spring semester IL MAP Grant.
- Dropping a course after day ten of the fall/spring semester will not result in a reduction in MAP aid, but may affect [satisfactory academic progress](#) for financial aid.

Students who register for less than 15 credit hours per semester will see a reduction to their IL MAP Grant as shown in the charts below:
